DEDICATION . . .

We are deeply indebted to our parents for the many sacrifices they have made. We may not have expressed our appreciation at the time, but in our hearts we are tremendously grateful for the contributions and blessings they have bestowed on us. Many interests and wise counsel has been offered by our parents. They have made untiring efforts in behalf of our education, and the personal welfare of each one of us in our class.

We know that our future will bring many horizons of frustration, failure, and disappointment, but with the guidance and principles our parents have given us, we will take each step of life as a new challenge.

With our sincerest gratitude, we, the graduating Class of 1961, dedicate our yearbook to our parents.

Miss Roewe, who has worked faithfully for this school for the past forty years, is to be congratulated for her fine accomplishments and success. She will long be recognized for her patience, understanding, and her genuine interest in each one of us who were in contact with her, or those who only knew her casually.

With Miss Roewe's keen insight, wise teaching, and her uncomparable personality of happiness, sorrow, and curiosity sprinkled with a delightful humor, she established a foundation of principles for young girls. The boys will remember her friendly "hello" and her continual concern of the days progress and activities. The community will remember her help she has given through night school, church activities, and a youth's education. The faculty will remember her loyal service and achievements she has contributed.

Yes, Miss Roewe will be remembered because a "side seam" has been sewn together between the school, community, and the students she surrendered her talents and time, to make a lasting friendship and admirable relationship.

"So to speak," as Miss Roewe had said, "she is graduating with us, the Class of 1961." She has done her job well and we commend her for it. May her rewards and blessings be many.

SPIRITUAL

OUR CHURCHES HAVE CONTRIBUTED MANY

EAST SIDE CHURCH OF CHRIST

Within the countries vast, complicated, and troubled system of high school education, and in a world where youth holds sway, the churches are of prime importance for the developement of spiritual, as well as cultural citizens. In part the task is undertaken by the Christian churches whose members contribute in large measure to student religious activities.

GUIDANCE . . .

YEARS OF BLESSING AND SERVICE

To be spiritually strong, as well as culturally enlightened, the student must be able to analyze his own behavior as well as that of his fellowmen. Under the direction of our local ministers, the students gain this important understanding.

Christianity is the guidance of growth. What is more necessary than guidance, and what is more rewarding than growth?

We were very privileged to have an exchange student in the Laurens High School this year . . . . . Miss Kaija Varsa, from Tikkurila, Finland. Having an exchange student in our school, proved to be an enlightening experience for all. When school started in the fall, Kaija was seen loaded down with many books. One of those books translated English to Finnish, and another translated Finnish to English. But despite her language difficulty, Kaija always gave you a shining smile. To us, this smile expressed her charming personality we later discovered. With Kaija, we exchanged customs, ideas, and ideals. It was interesting to learn how people live from different parts of the world, and to see an outsider's reaction to the American Way of Life. The thing that left the biggest impression on Kaija was the immenseness of everything in the United States.

We hope that she left our country with a better understanding of the United States and its people. Having Kaija with us this year, was a lesson in foreign relations which the entire community participated in.

And now, O King Eternal, we lift our battle song.

Lead on, O King Eternal, We follow, not with fears;

TO THE 1961 SENIORS:

One of the most important attributes of success is perseverance. Select a worthy goal and strive to attain it, mindful that the great men of history met many obstacles and defeats along the way. Let each failure you might have strengthen you for the next battle.

J. H. Halterman
Superintendent

To the Seniors of the graduating class of 1961, I wish to take this opportunity of thanking you for the many pleasures I have received from you in my classes, and elsewhere about the school, and in the many activities you have so well represented.

We who care about you, are, also, concerned about you, and we will always be willing to help wherever and whenever it may be.

Wilbert Jensen
Principal

There is only a short step from graduation to assuming your rightful place in society. Take it carefully that you may be judged a success in your chosen profession, a worthy and outstanding citizen, and a Christian with high principles. Then and only then will your school have cause to be proud.

R. E. Nonneman
Jr. High Principal

By the time a student enters his last year of high school, responsibilities begin to mount. Many activities confronting a senior must be checked off, one by one, until he and fellow students make their final appearance at Commencement.

Serious thoughts of the future seldom enter any high school students mind, until about his senior year. Then each begins to realize and assume responsibilities and self-made decisions.

We teachers, counsellors, and sponsors attempt to guide each person in all activities. Our efforts sometimes net bitter disappointment as individuals ignore and disregard well-meant advice. Rewards come later as we repeatedly hear this statement — "I wish I had tried to do better while in high school."

Your class motto begins — "Today We Follow" — yes, you have been challenged by all your teachers, kindergarten through graduation. "Tomorrow We Lead" — brings results in your plans and ability as future leaders.

I have seen most of you grow throughout all your school days. Whatever future ambitions are yours, I wish each one much happiness and success.
